- Provide mail delivery
- Read to residents

SEEKING VOLUNTEERS!

TO HELP OUR NURSING RESIDENTS AND STAFF

Do you enjoy helping older adults? Would you like to share your time and talents in a deeply meaningful way? The Pines at Davidson, a continuing care retirement community, is seeking volunteers to help its Health Center staff and residents.

Due to severe nursing staff shortages, volunteers are especially needed to assist The Pines' Health Care staff. This is a great opportunity to help lift the spirits of residents and staff during these challenging times!

Volunteer hours are very flexible.

There are also other volunteer opportunities at The Pines, especially in our Culinary Dept. Part-time and full-time nursing and culinary paid positions are available as well: [Career Opportunities](#)

To ensure the community's safety, all volunteers and staff must be vaccinated and screened when entering The Pines.

TO VOLUNTEER
