*"The meaning of life is to find your gift.
The purpose of life is to give it away."*

~Pablo Picasso

Benefits of The Pines Facilities Services

As we age, maintaining a household can become increasingly stressful and difficult. Daily tasks that were once a breeze may now require more effort and energy. Rather than attempting to complete a job alone which may result in further damage or worse yet, an accident, Pines residents enjoy access to a whole team skilled in tasks such as plumbing, electrical, and carpentry work. The Facilities Department change light bulbs, repair ice makers, and fix running toilets, all with a friendly smile. And you don't have to wait hours or days for a service call. Most jobs are finished within an

hour. BONUS...a team member can assist even if you have plans to go to out to lunch or play bridge with friends. Just go about your day and let us take care of the issue.
